In addition to the new skills, animation, animation fluidity and gameplay depth, "BEST IN SHOW" will be available as a 'story mode' experience. The new story mode is presented as a series of vignettes with animated cutscenes to tell the story of the hosts. This experience is available for the first time in an EA SPORTS™ video game. "Stunning visuals, real-life stadiums and a deeper and more realistic gameplay experience deliver fans new FIFA experiences they can enjoy for years to come," said Albert Roca, head of game design at EA SPORTS. "Our goal is to deliver on a promise that starts with FIFA on the TV and resonates throughout the game," said Ricardo Chavarri, president of FIFA Development at EA SPORTS. "The experience at the arena is only

the beginning, as the EA SPORTS™ Football Club experience will connect our fans to real players, clubs and authentic leagues around the world.” FIFA 25 includes some of the world’s top players, trophies and more than 100 licensed leagues including English Premier League, Bundesliga, MLS and La Liga. It also offers more than 100 national teams, including the first-ever 100% licensed Ultimate Team™ experience, and introduces Ultimate 3v3, a new mode that allows fans to compete as the top team across 3v3 matches. To celebrate the launch of Fifa 22 Activation Code and Ultimate 3v3 this Fall, we are livestreaming a world-class UEFA Champions League match featuring the top players from around the globe on September 11th at 3:00 PM PDT on

EA SPORTS™ FIFA Twitch. Keep an eye out on our Twitch channel for more details on the event and how you can play as your favorite players. Fifa 22 Features Key:

- Variety of gameplay modes, such as 'FIFA Ultimate Team' have become more varied and immersive than ever. Varied gameplay is now driven by the evolution of 'FIFA Ultimate Team', which combines elements of FIFA and 'FUT', bringing more variety and innovation to the world of online FIFA. 'FIFA® Ultimate Team' is primarily available within FIFA Ultimate Team, but also accessible on other FIFA games.
- Personalised team management, sharing and voting in "MyClub."
- Career mode – Users will enter into career mode as new managers in the game. They will progress through the lower divisions to enter an UEFA Champions League or Europa league group. From there, teams will progress to play in Europe's top 5 leagues, and perhaps eventually, to challenge for the Champions League. Also included in the game is a new FIFA Club World Cup, where users can play out their dreams of captaining a European or African side to a trophy.
- FIFA Ultimate Team – The game is surrounded by two different and complementary modes, 'FIFA Ultimate Team' and 'MyClub'. 'FIFA Ultimate Team' is the most popular game mode in FIFA, where users buy, sell, and trade players within their squad and construct a team using the unique FUT Draft and FUT Transfer market. 'MyClub' allows users to manage their own personal FIFA team from the manager's perspective. 'MyClub' also gives players more ways to improve their team than ever before, such as via skill specific challenges and the new 'Train the Trainer' game mode.
- FIFA 24 – Online match functionality supports up to 100 players both on console and the latest generation of headsets, with integrated split-screen functionality supporting up to four players per console. Players are connected through a unified online gaming and social media world - the more popular FIFA players are, the more rewarding it is for competitive FIFA players to also be popular. Connected to this is a new multi-level, state-of-the-art look at player movements and kits, to drive a rich-and-futuristic feel to the game.
- MyClub
- Player Movement System
- My Player – A first-of-its-kind card-based, arcade-style set of

FIFA brings unparalleled authenticity and passion to football. Authenticity shines through with over 350 player faces, unique animations, and unique control schemes that deliver the real feeling of jostling, tackling, and ball control. It means dynamic pace, agility, vision, and creativity. The engine is a new generation of the game's award-winning Total Football gameplay, allowing for a new level of fluidity on the pitch and unprecedented control over your entire team. Engage in breath-taking battles between the world's best players, as you control your team on the pitch and use your tactical insight to take on opponents with tactics, formation and the very latest 3D player faces. The Skill Game Engine

brings Total Football to life. For the first time in a FIFA game, the Skill Game Engine brings the game's award-winning Total Football gameplay and new innovations to life. The engine is a new generation of the game's award-winning Total Football gameplay, allowing for a new level of fluidity on the pitch and unprecedented control over your entire team. The new engine now delivers the movement, ball control, and creativity that's made FIFA a global phenomenon. It delivers the critical building blocks needed for an engaging and interactive match. Total Football gets you everywhere on the pitch. You are in complete control of the team, from free kicks, through buildup play, into all of the final third attacks. Tactics and Intelligent AI Powered by

Football, EA SPORTS FIFA brings all-new tactical tools and Artificial Intelligence that makes your tactics matter and your opponent's team react to your presence. You can use real-world tactics for the first time ever in FIFA including 3 On-Field Management, Target Creator, Formation Switching, Formation Guarding, Set Pieces, Routes, Defending & Offensive Shifts. Last-Ditch Recoveries and Defensive Measures are now much more meaningful in modern football and have a major impact on gameplay. Plus, defensive tactics are now tactically relevant on a larger scale. No longer just a characteristic of the “parking the bus”, defensive measures are employed dynamically from your own team to your opponent's team, or even to

specific players and formations on the pitch.
Tactics and Defending becomes more complex
and exploitable. In-Game Difficulty Adjustment
