We may add the support for Ribbon and others items in future version. Welcome to the new version of ADO. 1. Our goal was to get it on Productivity Toolset v5.5 or v6. Our Current version does not have this. We may add the support for Ribbon and others items in future version.Q: Unattended uninstall script fails with SecurityException I'm trying to write an unattended installers for the first time. I'm using the example here as a base: Unattended installer with silent install fails at the end. So my code looks like this: var directory = System.IO.Path.GetDirectoryName(Request.PhysicalApplicationPath); c6a93da74d
