We have very latest Alien Shooter Game for PC here.A number of other photos on Instagram display a new phone case featuring the minutemen that the Apple Watch is said to have. As with this weekend's leaks, the accessory seems to give the Apple Watch a modular makeover that tacks it closer to the Galaxy Watch Active than the Apple Watch 3. The leaked images do indeed seem to show the same case as yesterday. That doesn't necessarily mean it's coming to market and it's likely it's just a promo case, but it does support the rumor that the Apple Watch 3 won't feature a display this year. It's not clear what the minutemen will be used for or which features they'll cover, though we do know that it'll be water resistant. Minutemen is said to be unveiled at Apple's iPhone X event on Tuesday along with the rumored Apple Watch 3.#include "Extensions/XMLPlatform.h" #include "Common/XMLDocument.h" #include "Common/RootSignature.h" #include "RTC/RTCI.h" #include "Cli c6a93da74d
