Cast: Mr. My Dish Premier The Hero First Steps (1993) (HINDI) HD.Q: How can I tell if a string is entirely numeric? I am working with some strings that are of the form: var string = "123.45"; And there could be other characters in between too. Is there a way to test if the string is entirely numeric? I was thinking maybe there was a regex to check for the length? Something like: if (string.length == number) { } Any help would be greatly appreciated. Thanks! A: Well, you could use a regular expression to do it. Here's how: if (string.match(/^[d+\$/]) { //the string is numeric } If you wanted to do it without a regular expression, you could do something like this: if (string.match(/^[d+\$/]) { //the string is numeric } A: Well, the only way to be 100% sure would be to actually do a test. So, you could test your string like this: if (string.match(/^[d+\$/]) { //the string is numeric } This will require any trailing characters to be digits as well. Hope this helps! The CEO of the National Rifle Association's lobbying arm sent a pair of "explosive" letters to President Trump in February warning him to stay out of the midterm elections or face possible impeachment, POLITICO has learned. The letters, sent by Chris Cox, who heads the NRA's Institute for Legislative
